Clear Ice Maker - IMT200F

IMT200F

DESCRIPTION

Introducing the first-of-its-kind clear ice machine, designed to create large, crystal-clear ice blocks in a variety of standard shapes. This innovative machine provides businesses with a convenient and cost-effective solution for producing premium-quality clear ice, making it the ideal choice for those who demand excellence.

Collins Spear | Cube | Diamond | Sphere

FEATURES

CRYSTAL CLEAR ICE
Using directional freezing, our clear ice makers create the clearest ice.

SEVEN SHAPES TO CHOOSE FROM
Short Collins Spear, Long Collins Spear, Small Cube, Large Cube, Diamond, Small Sphere and Large Sphere.

INCLUDES 1 SET OF MOLDS

STYLISH STAINLESS STEEL
With good looks and easy-to-clean stainless steel, the IMT200F will look good in your kitchen or bar while it creates your ice.

NO MESS
Auto-defrosting and self-evaporating.

CERTIFICATIONS

SAA RoHS CE ETL Intertek
